Powerdose Treatments

Color Preservation Lock your hair color into place! Prevent your hair color from fading with this unique blend of conditioners and water repellents. This treatment seals in color and creates vibrant shine. Your color will last longer than ever before!

Exfoliate and Cleanse With this pre-treatment you will finally remove the excess scalp residue and oil that plagues so many of us. You will feel refreshed and your scalp rejuvenated!

Extreme Volume Just because you have fine, limp hair doesn't mean your hair doesn't need extra conditioning. Energize your hair with this treatment that will inject body, volume and shine to your lifeless hair!

Multi-Dimensional Blondes Brighten and repair your highlighted hair! This treatment will enhance your highlights and intensify your shine while locking moisture into the hair.

Repair For hair that is chemically dependant and in need of a BIG boost! This will provide your stressed hair with deep internal strength, shine and protection.

Shine Curl Quench your thirsty curls with an extreme dose of moisture, shine and extra curl definition.

Soothe and Refresh For a scalp that is itchy or irritated after color! Soothe and refresh the scalp while returning it to your natural equilibrium. This treatment also promotes condition and shine.
